City of Americus, Georgia

March 27, 2026

To the Honorable Mayor, members of the City Council, and the citizens of the City of Americus:

State law mandates that all general-purpose local governments publish comprehensive financial statements within six months of each fiscal year's end. These statements must comply with the generally accepted accounting principles ("GAAP") and be audited by licensed certified public accountants following generally accepted auditing standards. In accordance with these requirements, we proudly present the Annual Comprehensive Financial Report of the City of Americus (the "City") for the fiscal year ended December 31, 2024.

This report includes management's representations regarding the City of Americus' financial affairs. Management assumes full responsibility for the accuracy and completeness of the information presented. To ensure validity, the City has implemented a comprehensive internal control framework designed to protect assets and gather reliable data for financial statements. While internal control costs are balanced against benefits, this framework provides reasonable, not absolute, assurance against material misstatements. Management affirms that this financial report is complete and reliable to the best of our knowledge.

The City of Americus' financial statements have been audited by Mauldin and Jenkins, a firm of licensed certified public accountants. The purpose of the independent audit is to provide reasonable assurance that the financial statements for the fiscal year ended December 31, 2024, are free of material misstatements. This audit involved examining evidence on a test basis, assessing the accounting principles used, significant estimates made by management, and evaluating the overall presentation of the financial statements. The auditors concluded that there is a reasonable basis for rendering an unmodified opinion that the City's financial statements are fairly presented in accordance with GAAP. The Independent Auditor's Report is included as the first component of the financial section of this report.

Additionally, the independent audit is part of a broader, federally mandated "Single Audit" to meet the needs of federal grantor agencies. Standards for Single Audit engagements require the auditor to report not only on the fair presentation of the financial statements but also on the City's internal controls and compliance with legal requirements, with a focus on federal award administration.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis ("MD&A"). This Letter of Transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Americus' MD&A can be found immediately following the Report of the Independent Auditor's.

PROFILE OF THE GOVERNMENT

The City of Americus is in Sumter County in Southwest Georgia. Americus is 132 miles from Atlanta and only nine miles from Plains, the home of America's 39th President and Nobel Peace Prize Laureate, Jimmy Carter. Americus is located strategically between the Andersonville and Plains National Historic Sites. Sumter County is the only county in Georgia which boasts two national historic sites. In Plains, the renovations of the Plains High School and Jimmy Carter Boyhood Home site in Archery have been completed. Plains High School has been designated the state school of Georgia. The United States Prisoner of War Museum is located within the Andersonville National Historic Site. This museum opened in April 1998. More than 150,000 visitors are received at these sites annually.

The City is empowered to levy a property tax on both real and personal properties located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which occurs when deemed appropriate by the governing body.

The City operates under the Council/City Manager form of government. Policy making and legislative authority are vested in the governing body which consists of a mayor and six council members. The governing body is responsible for, among other things, passing ordinances, adopting the budget, appointing committees, and appointing the City Manager, Municipal Court Judge, and the City Attorney. The City Manager is responsible for hiring all City employees including department heads, carrying out the policies and ordinances of the governing body and for overseeing the day-to-day operations of the government. The governing body is elected on a non-partisan basis. Council members serve four-year staggered terms, with three council members elected every two years. The mayor is elected at large to serve a four-year term. The six council members are elected by district.

The City provides a full range of services, including police and fire protection and community development activities. Water and sewer services, natural gas services, solid waste services, storm water services, and the Rylander Theater are all operated as proprietary funds of the City. The Downtown Development Authority and the Americus Sumter Tourism Council are recorded as component units of the City and are included in the financial statements.

The annual budget forms the foundation for the City's financial planning and control. All city agencies must submit appropriation requests to the City Manager, upon which the Finance Department prepares the budget. These requests are submitted to the City Manager, who uses them to develop the proposed budget. The proposed budget is then presented to the Mayor and Council by November 30. The council is required to hold public hearings on the proposed budget and adopt a final budget by December 31, marking the end of the City's fiscal year.

The budget is prepared by funds, function (e.g., public safety), and department (e.g., police). Department heads can transfer appropriations within their department, but transfers between departments require special approval from the governing council. Budget-to-actual comparisons are included in this report for each governmental fund requiring a budget; however, the City's budget policy encompasses all funds. Adherence to this policy has been crucial in controlling expenses during economic downturns.

Throughout the year, budget ordinance amendments are prepared to adjust for unforeseen events, planned spending reductions, and to ensure more accurate financial monitoring.

FACTORS AFFECTING FINANCIAL AND ECONOMIC CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates.

Local Economy

Over two decades ago, the citizens of Americus and Sumter County took a commendable step by voting to implement a Special Purpose Local Option Sales Tax ("SPLOST") dedicated to economic development. This tax has generated over nine million dollars, fostering economic growth in the region. The funds have been utilized to improve the City's infrastructure and provide attractive financing options for industrial development. Additionally, the Payroll Development Authority, responsible for overseeing these funds, established a revolving loan pool that continues to support economic development initiatives. In 2017, the Americus Sumter County Chamber of Commerce and the Payroll Development Authority underwent a reorganization, resulting in the appointment of a salaried economic developer exclusively focused on recruiting industries and fostering expansion of existing businesses. This move was aimed at enhancing economic prospects while providing dedicated assistance to the Chamber of Commerce. As a community, we are committed to improving our infrastructure, fostering economic development, and enhancing the lives of our citizens by delivering valuable and sustainable services.

More than 80% of the U.S. industrial and commercial markets are within two days of Americus. Americus is just 30 miles from Interstate 75 and about 60 miles from Interstate 185. U.S. Highways 19 and 280 intersect Americus, providing easy access to the major cities of the Southeast. Highway 19 is a four-lane highway which runs from Atlanta to Florida and provides an alternate route for tourists and business travelers. Highway 19 was widened to four-lanes from Atlanta to Florida. Several intrastate and interstate motor freight carriers provide full-load trucking services to this area with a few maintained local terminals. Additionally, Norfolk Southern and Heart of Georgia companies provide rail service to this region of Georgia.

The Americus/Sumter County Airport Authority operates the Jimmy Carter Regional Airport, a public aviation airport three miles northeast of Americus. The airport has a 6,021-foot runway. One fixed base operator, Southern Field Aviation, Inc., offers fuel, aircraft tie down, hangar and repair services. In 2010, the Airport Authority completed the construction of 19 new aircraft hangars. In the last few years, the airport has added more hangars bringing the total to 32 hangars. This too is an indication of future growth financially and economically.

Savannah and Brunswick (both about 200 miles away) are the closest deep-water ports. Americus is 60 miles southeast of Columbus, the second largest city in the state and one of two Georgia inland port locations. It is 30 miles west of Cordele where another inland port location has been constructed. The port location began operations in the early part of 2012. This port has the potential of bringing hundreds of jobs to the Crisp/Sumter County area.

Americus participates in the National Main Street Program. In 1983 the City was designated as a Main Street City. In 2016, a full-time manager was hired to oversee the revitalization, promotion, and economic development of the thirteen-block central business district. During the last decade, a low interest revolving loan program was formulated for use in the Central Business Improvement District. In addition, facades and sign grants are offered to businesses to improve store fronts. As Downtown merchants began taking advantage of the programs and with the addition of our first Friday events and ordinance changes to make us more tourist friendly, the City has seen a new downtown emerge.

In addition, the thirteen-block central business improvement district now boasts a reputation as a shopping destination. Several large buildings that formerly housed single businesses have been renovated into mixed use facilities that house a combination of retail, commercial and residential space. One of these larger buildings that formerly housed the Rylander Motor Company, has been fully restored and serves as the International Headquarters for Habitat for Humanity. Also, Citizens Bank of Americus refurbished the old Fire Station and other buildings to house their downtown facility. This project represents the largest private renovation in the downtown area to date. Also contributing to the Downtown area is the renovation of Rylander Park to include more green space and improvements at the Farmer's Market.

The Americus Welcome Center, situated on the first floor of the municipal building, is home to two essential entities: the City's tourism department and Americus Main Street. It serves as a Regional Visitor Information Center, offering not only valuable resources for visitors to our community but also convenient access to public restrooms and collections showcasing Americus & Sumter County.

In 2015, we welcomed a dedicated Tourism Director to our team, who has played a crucial role in building relationships with neighboring cities and the county, thereby stimulating economic growth beyond our region. Working closely with stakeholders, the city successfully rebranded itself and launched an updated marketing campaign. This initiative has yielded remarkable results, as seen in the revitalized Windsor Hotel, which frequently enjoys sold-out weekends in downtown Americus.

Additionally, a notable achievement from a successful private-public partnership was the revitalization of the iconic 620-seat Rylander Theater in 1999. Along with the bustling retail businesses in our charming "Victorian" downtown, both the hotel and the theater significantly enhance the vibrancy and appeal of Americus.

As we continue our journey, we remain dedicated to cultivating strong connections, boosting economic prospects, and offering a welcoming and enriching experience to all who visit our community.

Americus itself boasts one of the largest historic districts in southwest Georgia. The district contains more than 100 beautifully restored Victorian style homes. These homes plus the Windsor Hotel and the Rylander Theater make Americus an interesting attraction for heritage tourism.

Habitat for Humanity International, as mentioned previously, is an anchor business of Americus' downtown. The Habitat Global Village and Museum in Americus has become another tourist attraction for our community. The Village and Museum showcase model Habitat houses from 10 countries, exhibits of urban and rural poverty, visitor activities and world crafts and entertainment. This educational and fun attraction brings more than 50,000 visitors annually.

Local unemployment rate is 4.7%, down from 3.8% in 2023. This indicates a modest uptick in joblessness but is still below its long-run average of 7.35%. We are working to implement economic development within the region and Americus. The reader should also note that both the average for Sumter County and the state of Georgia both decreased from the prior year.

The local economy is also reaping the benefits of another joint venture. Funding partners in this venture include the Sumter County Board of Commissioners, the City of Americus, the Sumter County Board of Education, Phoebe Sumter Medical Group, and Sumter County Development Authority. Through this partnership, our local leaders have access to additional resources. In addition, the One Sumter initiative has generated much-needed benefits to the City and businesses throughout the City with its donations for projects that they are funding to assist in revitalization and improving the overall economic conditions.

Georgia Southwestern State University continues to be a significant economic factor in this community and those closely connect to the city. The University has had a steady enrollment over the past six years. In 2024, the college saw an 8.5% enrollment increase over the fall of 2023. This is the highest enrollment in the school's history. Additionally, South Georgia Technical College's ("SGTC") steady enrollment continues to contribute to the local economy as well. The enrollment for 2024 is 2,617 students. It is the mission of SGTC to provide quality student services, educational facilities and equipment, a competent and qualified faculty, and staff, and to promote life-long learning through educational contributions to the communities served.

To enhance economic development strategies, the City partnered with the Carl Vinson Institute of Government at the University of Georgia in 2014 on the "Americus Renaissance Strategic Vision and Plan." This partnership has focused on citizen priorities in organization, design, promotion, and economic development. With support from the Archway Partnership, Georgia Municipal Association, Georgia Department of Community Affairs, UGA Small Business Development Center, and Georgia Cities Foundation, the plan outlines short- and long-term action items for the city and local community partners. The Crisp County Inland Port project began operations in late 2011 and early 2012. This port can accept freight containers from Savannah's port by rail. Once in Cordele the freight is located on trucks and sent all over the southeast. The port has given the region an economic boost. Visionaries expect a wide range of industries and vocations to be impacted, including trucking, distribution centers, and other service industries. The port is located less than two miles from Interstate 75 in Crisp County. The port is currently providing services for Mulcoa and Big Tex Trailers. Other large companies have shown interest, which could result in hundreds of jobs.

The Sumter County Payroll Development Authority continues to receive requests for information about Americus from companies located both within and outside the United States. In 2017, the Sumter County Development Authority worked with prospects from various industries, looking to coordinate with those who match the workforce population of Sumter County. The Sumter County Development Authority's efforts in creating new jobs and bringing businesses to Americus and Sumter County continues to have a significant impact.

Long Term Financial Planning

Expansion, improvement, and efficiency will be the focus of the Americus city government for the coming years. Being able to expand the city's perimeter in all directions is likely to be a concern of the Mayor and Council over the next decade. The Mayor and Council will continue to emphasize to the state legislature the development of legislation that will be conducive to cities striving to increase their corporate boundaries.

When it comes to transportation planning, the passing of the Transportation Special Purpose Loan Sales Tax ("TSPLOST") referendum in July 2012 has provided much needed resources for the support and expansion of current infrastructure. It is the intent of the regional area to continue to present a referendum to our citizens. We are currently in the process of meeting and planning for a new TSPLOST referendum.

The City has developed a five-year capital improvement program that provides the framework for the purchase of machinery and equipment and the development and maintenance of the infrastructure to meet current and future needs. In accordance with our debt policy, the City issued a Combined Utility Revenue Bond in the amount of \$20,552,084 in 2019, to finance construction and improvements to its water, sewer, and stormwater systems.

In 2014, the City passed a 2014 SPLOST referendum which provided needed resources for capital improvement projects.

Major planned improvements included in the City are:

- Highway 19 Enhancement and sidewalk improvements using ISTEA funds, this project was completed in 2023. We were awarded \$980,000 for enhancements and beautification.
- Continue Sidewalk Replacement and Resurfacing of various streets with TSPLOST and other funding mechanisms.
- Continue improvements to drainage and retention ponds through the Storm Water Utility.
- City Building/Facilities Repair/Renovations to meet the needs of our citizens. This includes renovations to the Rylander Theater. Funding for this project is included in the 2014 SPLOST legislation.
- Other smaller projects are included in the five-year capital improvements program for the City of Americus.

The 2019 SPLOST referendum was approved by our voters, and those revenues will assist with General Fund capital projects over the next few years.

Those major plans include the following:

- Public Safety Facilities, Equipment & Vehicles funding in the amount of \$400,000.
- Roads, Streets and Bridges have an allocation of \$1,200,000.
- Building and Properties-Facilities Building Renovations and Improvements has funding in the amount of \$700,000.

All the long-term revenue streams such as SPLOST, TSPLOST and bonds are designed to provide for future needs and mandates.

Acknowledgments

The successful completion of this report is due to the exceptional and dedicated service of the Finance Department staff. We extend our heartfelt gratitude to all City employees whose contributions made this report possible. Additionally, we credit the Mayor and City Council for their unwavering commitment to maintaining the highest standards of professionalism in managing the City of Americus' finances.

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members
of the City Council
City of Americus, Georgia
Americus, Georgia

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **City of Americus, Georgia** (the "City") as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material aspects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2024, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparisons for the General Fund and the American Rescue Plan Act ("ARPA") Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States ("*Government Auditing Standards*"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.

-
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
 - Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis ("MD&A") on pages 5 – 20, the Schedule of Changes in the City's Net Pension Liability and Related Ratios and the Schedule of Pension Contributions on pages 87 - 89, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules of expenditures of Special Purpose Local Option Sales Tax ("SPLOST") Proceeds are presented for purposes of additional analysis as required by the Official Code of Georgia Annotated ("O.C.G.A.") §48-8-121, and are also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules, as well as the Schedules of Expenditures of Special Purpose Local Option Sales Tax proceeds (the “supplementary information”) are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor’s report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issue our report dated March 27, 2026, on our consideration of the City’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City’s internal control over financial reporting and compliance.

CITY OF AMERICUS, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2024

This portion of the annual financial report for the City of Americus, Georgia (the "City"), provides our Management's Discussion and Analysis ("MD&A") pertaining to the City's fiscal performance for the year concluding on December 31, 2024. Its purpose is to offer readers an objective and comprehensible assessment of the City's financial accomplishments. The main focus of this analysis is to examine the overall financial performance of the City. Readers are also encouraged to explore the transmittal letter, notes accompanying the fundamental financial statements, and the financial statements themselves to deepen their comprehension of the City's financial performance.

FINANCIAL HIGHLIGHTS

The key financial highlights for FY 2024 are as follows:

The City's total net position increased \$3,976,699. The net position of the business-type activities decreased \$7,743 while the net position of the governmental activities increased \$3,984,442. The increase in governmental net position is primarily related to capital assets purchased. The decrease in business-type activities net position is primarily due to decrease in cash and cash equivalents and recording the landfill activity in FY 2024.

The City incurred \$18,222,274 total expenses related to governmental activities. Under normal circumstances, general revenues, primarily taxes, and the Special Purpose Local Sales Tax ("SPLOST") provide the major financing sources for these activities. However, the balance funded by other sources of non-tax revenues include permits, operating grants and capital grants, contributions, fines, forfeitures, and charges for service.

Revenues in the General Fund were \$13,198,377 for fiscal year 2024. The tax digest fluctuates from year to year. The other areas of revenue identified fluctuate based on the economic climate. The reader should note that the year-to-year stability of the General Fund revenues and expenditure represents close monitoring and some delayed spending.

Water and Sewer Fund operating revenues for this fiscal year were \$9,005,707, while total operating expenses for the year were \$6,334,268. After other non-operating revenues and expenses, and transfers, net position showed a decrease of \$502,441 for the year. This decrease in net position is related to delayed capital items being purchased as well as an increase in expenses and repair and maintenance expenses at both the water and wastewater treatment plants.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Total Natural Gas Fund operating revenues for this fiscal year were \$2,324,029. Total operating expenses for the year were \$2,140,793. Operating revenues slightly declined and operating expenses increased slightly from the prior year resulting in net revenues of \$183,236.

Total Solid Waste Fund operating revenues for this fiscal year were \$3,739,408. Total operating expenses of \$2,528,132 resulted in an operating gain of \$1,211,276. After other non-operating revenues and expenses, and transfers, net position increased \$840,605. This fund is designed to basically break even every year. However, the city shares landfill post-closure costs with Sumter County. The City cost of the expense is 76.67% of all expenses incurred including the salaries of the employees working on post-closure. This causes the current assets, cash, and cash equivalents to fluctuate from year to year.

Total Stormwater Fund operating revenues for this fiscal year were \$859,935. Total operating expenses of \$419,435 resulted in operating income of \$440,500. After non-operating revenues and expenses, and transfers, net position increased \$101,566.

OVERVIEW OF THE FINANCIAL STATEMENTS

The purpose of this MD&A is to provide an initial overview of the City's fundamental financial statements. These statements encompass three main parts: 1) Government-wide Financial Statements, 2) Fund Financial Statements, and 3) Notes to Financial Statements. Additionally, this report includes supplementary information along with the core financial statements. The arrangement of the statements is designed to facilitate the reader's comprehension of the City both as a complete financial entity and as a unified operational entity. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner like a private-sector business.

The Statement of Net Position presents information on all the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases and decreases in net position serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Statement of Net Position and Statement of Activities provide information about the activities of the whole City and present both an aggregate view of the City's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short term as well as what remains for future spending. For proprietary funds, the statements offer both short and long-term financial information about activities that the City operates like businesses. The major business-type activities include the Water and Sewer Fund, the Natural Gas Fund, the Solid Waste Fund, and the Stormwater Fund. Nonmajor business-type activities include the Theater Fund. The fund financial statements separately identify the City's most significant funds with all other non-major funds presented in one column.

The purpose of the Statement of Net Position and the Statement of Activities is to answer the questions concerning how the City performed financially during 2024. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private sector companies. This basis of accounting takes into consideration all of the current year's revenues and expenses regardless of when the cash is paid or received.

These two statements report the City's net position and the changes to net position. This change in net position is important because it tells the reader whether the financial position of the City as a whole has improved or diminished. The causes of this change may be the result of many factors, some financial and some non-financial. The non-financial factors may include the City's property tax base, condition of City-owned streets, facility conditions, and other factors.

In the Statement of Net Position and the Statement of Activities, the City has included both governmental and business-type activities:

Governmental Activities: Most of the City's programs and services are reported here including general government, public safety, public works, and community development. Property tax, sales tax, other taxes and fines and forfeitures finance most of these activities.

Business - type Activities: The City charges fees to cover the cost of the service each activity provides. These activities include water and sewer services, solid waste services, natural gas services, stormwater, and cultural services.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds. Fund financial reports provide detailed information about the City's major funds. The City uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the City's most significant funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS

GOVERNMENTAL FUNDS

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Most of the City's activities are reported in the governmental funds which are reported using an accounting method called modified accrual accounting which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general governmental operations and basic services it provides. Governmental fund information helps to determine if there are more financial resources that can be spent in the near future to finance governmental services. The relationship between governmental activities as reported in the Statement of Net Position and the Statement of Activities and governmental funds is reconciled in the financial statements and is discussed in Note 2 of the financial statements.

The City maintains the following fourteen individual governmental funds: (1) the General Fund, (2) the Community Development Block Grant Fund, (3) State Revolving Loan Fund, (4) 2001 Program Income Fund, (5) 2004 ISTEAFund, (6) 2021 CDBG Fund, (7) Opioid Fund, (8) Hotel/Motel Tax Fund, (9) TSPLOST Fund, (10) Capital Projects Special Purpose Local Sales Tax ("SPLOST") Fund, (11) American Rescue Plan Act ("ARPA") Fund, (12) 2021 CHIP Fund, (13) 2023 CHIP Fund, and (14) School Zone Citation Fund. Information is presented separately in the Governmental fund "balance sheet" and the "governmental fund statement of revenues, expenditures, and changes in fund balance" for the General Fund, ARPA Fund and SPLOST Fund, which are the three major funds. Data from the other nine governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* elsewhere in the report.

The City adopts an annual budget for its General Fund and Special Revenue Funds. Budgetary comparisons to actual are included in the main financial statements and the required supplemental schedules. Additionally, a comparison of original and amended budgets for the General Fund is included later in this analysis.

PROPRIETARY FUNDS

The City maintains separate proprietary fund statements using the accrual basis of accounting similar to the government-wide statements. These fund statements reflect the same functions as the "business type activities" in the government-wide statements. The City has the following five proprietary funds: (1) Water and Sewer Fund, (2) Natural Gas Fund, (3) Solid Waste Fund, (4) Theater Fund, (5) and Stormwater Fund. The Theater Fund is considered non-major and listed as such on the Proprietary Fund Statements. Proprietary funds account for any service activity that charges a fee to external users to cover the cost of operations, including the cost of depreciation and debt service.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FISCAL YEAR 2024 FINANCIAL ANALYSIS

As previously stated, the total net position increased from 2023. Table 1 below shows the schedule of net position and Table 2 shows the change in net position.

TABLE 1 - CITY OF AMERICUS' NET POSITION

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

GOVERNMENTAL ACTIVITIES

Revenues for the City's governmental activities were \$3,364,895 more than in 2023. This is primarily due to charges for services and operating grants.

Expenses for the City's governmental activities were \$2,079,111 more than in 2023, primarily attributable to a one-time incentive to retain employees primarily in Public Safety and Public Works employees, along with city projects.

BUSINESS-TYPE ACTIVITIES

Program revenues for business-type activities increased by approximately \$2,398,897 compared to 2023.

Business-type expenses experienced a increased approximately \$82,062 compared to 2023.

MANAGEMENT'S DISCUSSION AND ANALYSIS

COST OF PROGRAM SERVICES

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the combined total cost of services and the combined net cost of services. For governmental activities, the net cost for the year represents depreciation of the infrastructure plus the amount that must be made up with by taxes and investments earnings. For business-type activities, the net cost (revenue) is the operating net loss (income) before investment earnings and transfers from the General Fund. A comparison of the net cost for service from 2023 to 2024 is also included.

TABLE 3 - GOVERNMENTAL AND BUSINESS-TYPE ACTIVITIES COMBINED

	Total Cost of Services FY 2024	Net Cost (Revenue) of Services FY 2024	Net Cost (Revenue) of Services FY 2023	Change from 2023 to 2024
General Government	\$ 4,137,681	\$ (1,233,145)	\$ (1,188,137)	\$ (45,008)
Judicial	115,541	(115,541)	(197,614)	82,073
Public Safety	7,819,849	(3,378,959)	(6,456,894)	3,077,935
Public Works	4,072,277	(3,363,599)	(1,595,228)	(1,768,371)
Community Development	1,957,383	(1,215,204)	(847,343)	(367,861)
Culture and Recreation	1,660	(1,660)	(4,428)	2,768
Health and Welfare	67,293	(13,948)	(381)	(13,567)
Interest on Long-term Debt	50,590	(50,590)	(84,938)	34,348
Business-type activities	12,671,042	3,458,196	1,104,913	2,353,283
Total Expenses	<u>\$ 30,893,316</u>	<u>\$ (5,914,450)</u>	<u>\$ (9,270,050)</u>	<u>\$ 3,355,600</u>

MANAGEMENT'S DISCUSSION AND ANALYSIS

GOVERNMENTAL FUND BALANCE

For the year ended December 31, 2024, the City's Governmental Funds reported combined ending fund balances of \$11,627,990 - which represents a decrease of \$591,392 from the prior year. The remainder of the fund balance is *non-spendable, restricted by third parties, or assigned* by the City Manager per the City's Fund Balance Policy and GASB 54. Table 4 below shows the change in ending fund balances for governmental funds.

	TABLE 4 - GOVERNMENTAL FUND BALANCE		
	FY 2024	FY 2023	Increase (Decrease)
General Fund	\$ 4,348,400	\$ 3,845,087	\$ 503,313
SPLOST Funds	4,324,060	6,088,321	(1,764,261)
Special Revenue Funds	2,955,530	2,285,974	669,556
Total Governmental Fund Balance	<u>\$ 11,627,990</u>	<u>\$ 12,219,382</u>	<u>\$ (591,392)</u>

The fund balance of the General Fund for the end of fiscal year 2024 was \$4,348,400.

MANAGEMENT'S DISCUSSION AND ANALYSIS

PROPRIETARY FUND BALANCE

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. For the year ended December 31, 2024, the proprietary funds had total operating revenues of \$14,762,204. Based on revenues, the largest proprietary fund is the Water and Sewer Fund, followed by the Storm Water Fund.

The change in net position for Proprietary Funds was a decrease of \$7,743. The detail by fund is shown in Table 5 below.

	TABLE 5 - PROPRIETARY FUND NET POSITION		
	FY 2024	FY 2023	Increase (Decrease)
Theater Authority	\$ 685,296	\$ 929,318	\$ (244,022)
Solid Waste Management	(3,214,128)	(4,054,733)	840,605
Water and Sewer	12,403,584	12,906,025	(502,441)
Natural Gas	1,016,468	1,219,919	(203,451)
Storm Water	3,870,984	3,769,418	101,566
Total Proprietary Fund Balance	<u>\$ 14,762,204</u>	<u>\$ 20,945,338</u>	<u>\$ (7,743)</u>

Readers should note that the Theater Authority historically shows a reduction in net position each year due to depreciation of the Theater building. The Solid Waste Fund generally has a low net position as we try to set billing rates equal to anticipated expenses; however, we do have some fluctuation from year to year. Natural Gas rates are set based on market price plus a margin. As a result, net position fluctuates from year to year. The Water and Sewer Fund's decrease is directly related to repair and maintenance and current liabilities.

GENERAL FUND BUDGETING HIGHLIGHTS

The City's budget is prepared in accordance with Georgia law. The most significant budget fund is the General Fund.

The General Fund recorded revenues of \$13,198,377 for the year 2024. Notably, the most significant differences are observed in property taxes and license/permitting revenues. Property taxes fell short of the budget allocation, yet the property tax collection rate for the City has consistently maintained around 96% within the first year of billing.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Readers should note that throughout the year, the budget ordinance is amended to reflect changes in revenues and expenditures that were not known at the time the budget was passed. For expenditures, the reduction of budgets largely reflects a control on spending in response to decreased revenues. See Table 6 below for a comparison of original expenditure budgets and final budgets.

Several departments incurred significant changes from original budget to amended "final" budget. These changes were based on mid-year and continued analysis of expenditures and expected revenues as well as departmental needs.

TABLE 6 - ORIGINAL AND AMENDED EXPENDITURE BUDGETS

	Original Budget 2024	Amended Budget 2024	Increase (Decrease) from Original to Amended
Mayor and Council	\$ 898,754	\$ 898,754	\$ -

MANAGEMENT'S DISCUSSION AND ANALYSIS

CAPITAL ASSETS AND DEBT ADMINISTRATION

At the end of fiscal year 2024, the city had \$52,498,052 invested in capital assets. Table 7 shows fiscal year 2024 balances compared to fiscal year 2023. Capital assets include land, buildings, improvements, machinery and equipment, utility systems, roads, streets, and bridges. An increase in total capital assets is related to the net difference between the increased accumulated depreciation and increased in construction in progress related to the Water and Sewer system and the stormwater system.

TABLE 7 - CAPITAL ASSETS

	Governmental/ Business-Type Activities 2023	Governmental/ Business-Type Activities 2024	Increase (Decrease) from 2023 to 2024
Land	\$ 4,126,878	\$ 4,126,878	\$ -
Construction in progress	6,424,405	266,735	(6,157,670)

Total capital assets	<u>\$ 46,457,136</u>	<u>\$ 52,498,052</u>	<u>\$ 2,325,775</u>

Additional information on the capital assets can be found in the Note 6 of the financial report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

LONG-TERM DEBT

At year-end, the city had \$25,634,256 in long-term debt. Governmental-type activities showed a decrease from 2023. The decrease is the net results of lower finance purchases and net liability. Business-type activities showed a decrease from prior year balances due to the net effect of debt payments on the 2019 Combined Utility Revenue Bond, a decrease in net pension liability, a decrease in landfill post-closure costs, and a decrease in intergovernmental payable. A comparison of the different debt types and balances at year-ends 2024 and 2023 are documented in Table 8 below. More detailed information about the City's long-term liabilities is presented in Note 7 of the financial statements.

TABLE 8 - OUTSTANDING LONG-TERM LIABILITIES

	Governmental Activities FY 2023	Governmental Activities FY 2024	Business-Type Activities FY 2023	Business-Type Activities FY 2024	Total Combined Activities FY 2023	Total Combined Activities FY 2024
Certificates of participation	\$ 845,000	\$ 845,000	\$ -	\$ -	\$ 845,000	\$ 845,000
Financed purchases	374,434	294,587	707,563	359,021	1,081,997	653,608
Revenue bonds payable	-	-	17,223,323	16,353,871	17,223,323	16,353,871
Landfill post-closure care costs	-	-	492,870	191,194	492,870	191,194
Intergovernmental payable	-	-	3,437,089	3,302,911	3,437,089	3,302,911
Net pension liability	3,917,034	2,939,839	420,248	564,141	4,337,282	3,503,980
Compensated absences	513,985	651,963	89,392	131,729	603,377	783,692
Total liabilities	\$ 5,650,453	\$ 4,731,389	\$ 22,370,485	\$ 20,902,867	\$ 28,020,938	\$ 25,634,256

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City of Americus is located in southwest Georgia in Sumter County. The 2024 U.S. Census population figure for the city was 15,742. The population of the City of Americus represents less than half of all of Sumter County. Americus is in a period of moderate growth transition. The local economy is relatively modest to lower income by state standards; however, recent years have brought industrial and downtown revitalization momentum that looks good for the medium-term outlook. Downtown has gone from mostly vacant storefronts to about 95% occupancy in the core district, signaling a rebound in the service and retail sectors. Americus and Sumter County have gained about nine major industrial/solar projects with 10 expansions, including solar arrays that could be among the largest east of the Mississippi.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Local unemployment rate is 4.7%, down from 3.8% in 2023. This indicates a modest uptick in joblessness but is still below its long-run average of 7.35%. We are working to implement economic development within the region and Americus. The reader should also note that both the average for Sumter County and the state of Georgia both decreased from the prior year. The lingering effects of the global pandemic and the volatile economy still contributed to unemployment and job search difficulty. Even though the "pandemic crisis" is over, long-term health effects continue to make it harder for some people to work full time. As well as some businesses could not completely recover.

The local economy is also reaping the benefits of another joint venture. Funding partners in this venture include the Sumter County Board of Commissioners, the City of Americus, the Sumter County Board of Education, Phoebe Sumter Medical Group, and Sumter County Development Authority. Through this partnership, our local leaders have access to additional resources. In addition, the One Sumter initiative has generated much-needed benefits to the City and businesses throughout the City with its donations for projects that they are funding to assist in revitalization and improving the overall economic conditions.

Georgia Southwestern State University continues to be a significant economic factor in this community and those closely connect to the city. The University has had a steady enrollment over the past six years. In 2024, the college saw a 8.5% enrollment increase over the fall of 2023. This is the highest enrollment in the school's history. Additionally, South Georgia Technical College's ("SGTC") steady enrollment continues to contribute to the local economy as well. The enrollment for 2024 is 2,617 students. It is the mission of SGTC to provide quality student services, educational facilities and equipment, a competent and qualified faculty, and staff, and to promote life-long learning through educational contributions to the communities served.

The City's adopted budget for 2024 does include salary increases, but not a cost-of-living increase or merit increases. We are conservatively spending to avoid other cost cutting strategies like furloughing.

The financial position of the City is a result of careful budget management and expenditure of funds. The City has been able to maintain the millage rate on ad valorem taxes for the past several years. However, even the 2024 millage rate did not increase, and remained 11.12 which was the same as 2019.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the City of Americus at 217 W. Forsyth St, Americus, Georgia 31709, 229-924-4411.

CITY OF AMERICUS, GEORGIA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED DECEMBER 31, 2024

Amounts reported for governmental activities in the Statement of Activities are different because:

Net change in fund balances - total governmental funds	\$	(591,392)
--	----	-----------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay		4,933,715
Depreciation expense		(1,378,613)

The net effect of the disposal of capital assets is to decrease net position.		(50,195)
---	--	----------

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.		(214,348)
--	--	-----------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

Principal repayments - financed purchases		79,847
---	--	--------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in compensated absences		(137,978)
Change in net pension liability and related deferred inflows and outflows		695,195
Change in accrued interest payable		1,580

The Internal Service Fund is used to charge the cost of health insurance to individual funds. The net revenue (expense) of the Insurance Fund is reported with governmental activities.

Change in net position - governmental activities		478,139
	\$	3,815,950

The accompanying notes are an integral part of these financial statements.

NOTES TO FINANCIAL STATEMENTS

CITY OF AMERICUS, GEORGIA

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Americus, Georgia (the “City”) have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) as applied to governmental units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City’s accounting policies are described below.

A. Reporting Entity

The City was incorporated in 1832 under the provisions of an act of the General Assembly of Georgia and beginning with the 2015 year, operates under a council/manager form of government. As required by GAAP, these financial statements present the primary government and its component units. The component units discussed below are included in the City’s reporting entity because of their significance of its operational and financial relationship with the City. In conformity with GAAP, as set forth in Statement of Governmental Accounting Standards No. 14 *The Financial Reporting Entity*, as amended, the financial statements of the component units are discretely presented in the government-wide financial statements.

The City of Americus Downtown Development Authority (the “Downtown Development Authority”) plans and develops the downtown area of the City in order to attract new business and residences. The governing body of this component unit is appointed by the Mayor and City Council. The City possesses the authority to review, approve and revise the budget and governs collection and disbursement of funds. The Downtown Development Authority is audited along with the primary government financial statements in accordance with GASB Statements No. 14 and 39. However, separate financial statements are not prepared.

The Americus-Sumter County Tourism Council (the “Tourism Council”) focuses on effective marketing/advertising efforts through strategically placing promotions in highly visible markets in order to attract tourists to the area. The government body has appointees from the Sumter County Chamber of Commerce (four) and the City of Americus Mayor and City Council (five). Although the City does not possess the authority to review, approve and revise the budget, the primary source of revenue is through the collection of hotel/motel taxes by the City under the Official Code of Georgia Annotated (“O.C.G.A.”) §49-13-51 (a)(4.2). Management has determined the activity of the Tourism Council to be important for the readers and users of the financial statements and, therefore, has included the entity as a component unit. The Tourism Council is audited, along with the primary government financial statements, in accordance with GASB Statement No. 61. However, separate financial statements are not prepared.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the activities of the government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, intergovernmental grants, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **Special Purpose Local Option Sales Tax ("SPLOST") Fund** is used to account for the collection and disbursement of SPLOST contributions received from Sumter County.

The **American Rescue Plan Act ("ARPA") Fund** is used for accounting for the financial resources provided and subsequently expended from the American Rescue Plan Act grant received from the federal government.

The City reports the following major proprietary funds:

The **Solid Waste Management Fund** accounts for the provision of garbage and trash pickup and disposal for the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collection.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

The **Water and Sewer Fund** accounts for the provision of water and sewer services to the residents of the City and some residents of Sumter County. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collection.

The **Natural Gas Fund** accounts for the provision of natural gas to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collection.

The **Stormwater Fund** accounts for the operations of the City's stormwater utility services. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collection.

Additionally, the government reports the following fund types:

The **Special Revenue Funds** account for specific revenues that are legally restricted to expenditures for particular purposes.

The **Custodial Fund** accounts for money collected and disbursed by the City on behalf of other governments and individuals, such as cash bonds, traffic fines, and probation fines. A liability is recorded when an event compels a government to disburse fiduciary resources. Fines and fees collected in the City's custodial fund are immediately due and disbursed to others immediately after year-end and therefore, no net position is recorded as of year end. This fund meets the criteria under GASB Statement No. 84 to be reported as a custodial fund.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer function and the other functions of the government. Elimination of these charges would distort the direct costs reported for the various functions concerned.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

Amounts reported as *program revenues* include: 1) charges for services provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges for goods and services provided. Operating expenses of the enterprise funds include the cost of these goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Budgets

Budgets are adopted on a basis consistent with GAAP. Annual appropriated budgets are adopted for the General and Special Revenue Funds. All annual appropriations lapse at fiscal year-end.

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting - under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to restrict that portion of the applicable appropriation - is utilized in the governmental funds. There were no outstanding encumbrances at December 31, 2024.

Budgets are adopted for the proprietary funds strictly for managerial purposes.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Cash and Investments

For purposes of the Statement of Cash Flows, the Enterprise Funds consider all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

State statutes authorize the City to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds and repurchase agreements.

Investments are reported at fair value which is determined using selected bases. Short-term investments are reported at cost, which approximates fair value. Cash deposits are reported at carrying amount, which reasonably estimates fair value.

F. Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. The short-term portion of these receivables and payables is classified as “due from other funds” and “due to other funds”. The long-term portion of these receivables and payables is classified as “advances to other funds” and “advances from other funds”. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances”.

G. Inventories

Inventories are valued at cost, which approximates market, using the first-in/first-out (“FIFO”) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

H. Prepaid Expenditures/Expenses

Payments made to vendors for services that will benefit periods beyond December 31, 2024, are recorded as prepaid items in both government-wide and fund financial statements. The consumption method is used to account for prepaid items.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Restricted Assets

Certain proceeds of enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

J. Deferred Outflows/Inflows

In addition to assets, the Statement of Net Position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Other than the items related to the change in the net pension liability, the City did not have any items that qualify for reporting in this category at December 31, 2024 other than the pension items described in the last paragraph of this note.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. In addition to the items related to the change in the net pension liability, the City has two items that qualify for reporting in this category. One item arises only under the modified accrual basis of accounting. Accordingly, the item, unavailable revenue, is reported only in the Governmental Funds Balance Sheet. The governmental funds report unavailable revenue from property taxes and grants. These amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. In addition, the City has one type of item arising under the full accrual basis of accounting that qualifies for reporting in this category. An effective hedge is reported in the government-wide Statement of Net Position. The effective hedge results from the change in fair value of a swap agreement related to the Certificates of Participation. The amount is deferred and will mature on June 1, 2028.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Deferred Outflows/Inflows (Continued)

The City also has deferred inflows and outflows related to the recording of changes in its net pension liability. Certain changes in the net pension liability are recognized as pension expense over time instead of all being recognized in the year of occurrence. Experience gains or losses result from periodic studies by the City's actuary, which adjust the net pension liability for actual experience for certain trend information that was previously assumed, for example, the assumed dates of retirement of plan members. These experience gains or losses are recorded as deferred outflows of resources or deferred inflows of resources and are amortized in pension expense over the expected remaining service lives of plan members. The difference between projected investment return on pension investments and actual return on those investments is also deferred and amortized against pension expense over a five-year period. Additionally, any contributions made by the City to the pension plan before year-end but subsequent to the measurement date of the City's net pension liability are reported as deferred outflows of resources.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the City of Americus Retirement Plan (the "Plan") and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

L. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. In the case of the initial capitalization of general infrastructure assets (i.e., those reported by the governmental activities), the City chose to include all such items regardless of their acquisition date or amount. Donated capital assets are recorded at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Capital Assets (Continued)

Property, plant and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following useful lives:

<u>Asset</u>	<u>Years</u>
Land improvements	20 – 50
Buildings	100
Improvements other than buildings	20 – 100
Building improvements	30
Infrastructure	50 – 100
Machinery and equipment	5 – 30
Natural gas system	5 – 30
Stormwater system	5 – 30
Water and sewer system	5 – 30

M. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the City does not have a policy to pay any amounts when the employees separate from service with the City. Therefore, all sick pay is expensed when incurred. The City does allow for employees to accumulate earned but unused vacation time with such time being fully vested when earned. For the City's government-wide funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bond using the straight-line method, which approximates the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

O. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as “fund balances”. Fund equity for all other reporting is classified as “net position”.

Fund Balances – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Fund Equity (Continued)

Fund Balances (Continued) – Fund balance constraints are classified as follows:

- **Non-spendable** – Fund balances are reported as non-spendable when amounts cannot be spent because they are either: a) not in spendable form (i.e., items that are not expected to be converted to cash, such as inventory or prepaid items), or b) legally or contractually required to be maintained intact.
- **Restricted** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments (e.g., grants or donations).
- **Committed** – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of City Council through the adoption of a resolution. Only the City Council may modify or rescind the commitment.
- **Assigned** – Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes. In governmental funds other than the General Fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund. City Council has not delegated the authority to management to assign fund balances and thus has retained the right to assign fund balances.
- **Unassigned** – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criteria. The City reports positive unassigned fund balances only in the General Fund. All funds may report negative unassigned fund balances.

Flow Assumptions – When multiple categories of fund balance are available for expenditure, the City starts with the most restricted category and spends those funds first before moving down to the next category with available funds. When the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Fund Equity (Continued)

Net Position – Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction, or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

P. Management Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

The Governmental Fund Balance Sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide Statement of Net Position. One element of the reconciliation explains that “long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds”. The details of this \$4,738,332 difference are as follows:

Compensated absences	\$ (651,963)
Financed purchases	(294,587)
Certificates of Participation	(845,000)
Net pension liability	(2,939,839)
Accrued interest	<u>(6,943)</u>
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net position - governmental activities</i>	<u><u>\$ (4,738,332)</u></u>

NOTE 3. LEGAL COMPLIANCE – BUDGETS

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to November 1, a proposed operating budget is submitted to the Mayor and Council for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
2. A public hearing is conducted at the December Agenda Setting Meeting in the Council Chambers of the Russell Thomas, Jr. Public Safety Building to obtain citizen comments.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. LEGAL COMPLIANCE – BUDGETS (CONTINUED)

3. Prior to January 1, the budget is legally enacted through passage of an ordinance.
4. The City department heads are authorized to transfer budgeted amounts between line items within a department; however, any revisions that alter the total expenditures of any department or fund must be approved by the Mayor and Council. Requests for additional personnel within a department must also be approved by the Mayor and Council. All appropriations except for capital outlay items encumbered at year-end lapse. Encumbrances for capital outlay items not lapsing at year-end are re-appropriated in the ensuing year's budget. Legally-adopted budgets are prepared, as described above, on a departmental basis for General and Special Revenue Funds.
5. Formal budgetary integration is employed as a management control device during the year for the General Fund and the Special Revenue Funds. To ensure sound financial administration, the Mayor and Council also adopt an annual operating budget for the City's Enterprise Funds. The budget is not formally integrated with the accounts of the Enterprise Funds, but interim detailed management reports are developed which indicate specific variances from the planned budget for operations.
6. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with GAAP, and are presented in accordance with finance-related legal and contractual provisions. Budgeted amounts are as originally adopted on December 21, 2023, or as amended by the Mayor and Council. Individual amendments were not material in relation to the original appropriations. For the year ended December 31, 2024, the following General Fund departments had actual expenditures in excess of budgeted amounts: mayor and council (\$242,765), general and administrative (\$155,803), streets (\$72,522), transportation (\$494,185), Main Street (\$48,612), and health and welfare – family connections (\$67,293).

The ARPA Fund (\$799,658), the 2021 Community Development Block Grant (“CDBG”) Fund (\$2,240,793), the 2021 Community Home Investment Program (“CHIP”) Fund (\$23,490), the 2023 Community Home Investment Program (“CHIP”) Fund (\$162,190), and the Transportation Special Purpose Local Option Sales Tax (“TSPLOST”) Fund (\$19,609) had actual expenditures in excess of budgeted amounts for community and development. The Confiscated Asset Fund (\$4,400), the Opioid Fund (\$40,947), and the School Zone Citation Fund (\$29,224) had actual expenditures in excess of budgeted amounts for public safety. These over expenditures were covered by under expenditures in other departments.

NOTES TO FINANCIAL STATEMENTS

NOTE 4. DEPOSITS AND INVESTMENTS

Credit risk. State statutes authorize the City to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of any other political subdivision of the State of Georgia. The City has no formal credit risk policy other than to only invest in obligations authorized by the State of Georgia. As of December 31, 2024, the City's only investment was a guaranteed investment contract, which was rated AA- by Standard & Poor's.

<u>Investment</u>	<u>Maturity</u>	<u>Fair Value</u>
Guaranteed investment contract	June 1, 2028	<u>\$ 693,207</u>

Interest rate risk. In accordance with its investment policy, the City manages its exposure to declines in fair values by limiting its investments to those with maturity of no more than one year, unless matched to a specific requirement.

Custodial credit risk – deposits. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized at 100% by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of December 31, 2024, the deposits of the City were fully collateralized as defined by GASB pronouncements and the State of Georgia.

Custodial credit risk – investments. For investments, this is the risk that, in the event of failure of the depository financial institution, the government will not be able to recover the value of its investments or collateral securities that are in the possession of the outside party. As of December 31, 2024, the City was not exposed to custodial credit risk for its investments.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. RECEIVABLES

Property taxes are levied as of July 1, on property values assessed as of January 1. The tax levy is divided into two billings. The first billing was mailed on July 1, 2024, and the second billing was mailed on October 20, 2024. The billings are considered due upon receipt by the taxpayer; however, the actual due dates were September 1, 2024 and December 20, 2024. On these dates, the bill becomes delinquent and penalties and interest may be assessed by the City. Property taxes levied for 2024 are recorded as receivables, net of estimated uncollectibles. The net receivables collected during 2024 and expected to be collected by March 1, 2025, are recognized as revenues in 2024. Net receivables estimated to be collectible subsequent to March 1, 2025, are recorded as revenue when received. Prior year levies were recorded using substantially the same principles, and remaining receivables are reevaluated annually.

Receivables consisted of the following at December 31, 2024:

	General	Solid Waste Management	Water and Sewer	Natural Gas	Stormwater Fund	Internal Service Fund Insurance Fund	Nonmajor Governmental Funds	Total
Receivables:								
Mortgages	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 284,980	\$ 284,980
Taxes	1,314,528	-	-	-	-	-	-	1,314,528
Intergovernmental	774,989	-	-	-	-	-	31,584	806,573
Accounts	942,276	489,388	5,838,586	637,829	313,866	415,205	256,784	8,893,934
Gross receivables	3,031,793	489,388	5,838,586	637,829	313,866	415,205	573,348	11,300,015
Less allowance for uncollectibles	(161,554)	(25,000)	(2,451,000)	(14,000)	(137,000)	-	(197,116)	(2,985,670)
Net total receivables	<u>\$ 2,870,239</u>	<u>\$ 464,388</u>	<u>\$ 3,387,586</u>	<u>\$ 623,829</u>	<u>\$ 176,866</u>	<u>\$ 415,205</u>	<u>\$ 376,232</u>	<u>\$ 8,314,345</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 5. RECEIVABLES (CONTINUED)

The delinquent taxes receivable account represents a portion of the last seven years of uncollectible tax levies. The allowance for estimated uncollectibles is 8.90 % of the total delinquent taxes receivable at December 31, 2024.

Additionally, the City has \$197,116 in forgivable loans receivable. These loans are recorded in the following nonmajor governmental funds: CDBG Fund and the 2007 CDBG Fund. Amounts represent loans to individuals in conjunction with the rehabilitation of private property and financing for locally owned businesses. Provided the terms of the loans are not violated, these loans will be forgiven at the end of the loan term. As the likelihood of violation of the loan terms, and thus cash repayment is remote, the City has elected to record an allowance for the total outstanding balance of the loans. The 2007 CDBG fund has no other activity for the year ended December 31, 2024.

NOTE 6. CAPITAL ASSETS

A. Primary Government

Depreciation expense was charged to functions/programs of the City as follows:

Governmental activities:	
General government	\$ 545,304
Public safety	612,308
Public works	<u>221,001</u>
Total depreciation expense - governmental activities	<u><u>\$ 1,378,613</u></u>

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT

Revenue Bonds. The City issues revenue bonds where the City pledges income derived from the acquired or constructed assets to pay debt service.

During 2019, the City issued revenue bonds in the amount of \$20,552,084 to refund the Series 2010 and Series 2013 revenue bonds, to finance construction and improvements to its water, sewer and stormwater systems. The economic loss (the difference between the present value of the debt service payments on the old and the new debt) was \$48,160. A portion (88.31%) of the outstanding bonds is recorded in the Water and Sewer Fund, and the remaining amount (11.69%) is recorded in the Stormwater Fund.

The City pledges net revenues for the payment of principal and interest on revenue bonds. Revenue bonds outstanding at December 31, 2024 are as follows:

<u>Description</u>	<u>Purpose</u>	<u>Interest Rate</u>	<u>Original Term</u>	<u>Due Date</u>	<u>Current Amount</u>
Series 2019 Revenue bonds	Water and Sewer	2.76%	20 years	2039	\$ 14,442,103
Series 2019 Revenue bonds	Stormwater	2.76%	20 years	2039	1,911,768
					<u>16,353,871</u>
				Less current portion	(893,618)
					<u><u>\$ 15,460,253</u></u>

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

Revenue Bonds (Continued). Revenue bonds debt service requirements to maturity are as follows:

<u>Fiscal Year Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 893,618	\$ 445,201	\$ 1,338,819
2026	918,453	420,366	1,338,819
2027	943,978	394,840	1,338,818
2028	970,213	368,605	1,338,818
2029	997,177	341,641	1,338,818
2030 – 2034	5,417,313	1,276,779	6,694,092
2035 – 2039	6,213,119	480,974	6,694,093
	<u>\$ 16,353,871</u>	<u>\$ 3,728,406</u>	<u>\$ 20,082,277</u>

Certificates of Participation. The City leases certain equipment through a lease pool agreement with the Georgia Municipal Association (“GMA”). The funding of the lease pool was provided by the issuance of \$150,126,000 Certificates of Participation by GMA. GMA passed the net proceeds through to the participating municipalities with the City’s participation totaling \$845,000. The lease pool agreement with GMA provides that the City owns their portion of the assets invested by the pool and is responsible for the payment of their portion of the principal and interest of the Certificates of Participation. The principal of \$845,000 is due in a lump-sum payment on June 1, 2028. Interest is payable at a rate of 4.75% each year. The City draws from the investment to lease equipment from GMA. The lease pool agreement requires the City to make lease payments back into its investment account to fund the principal and interest requirements of the 1998 GMA Certificates of Participation. The GMA lease program expires December 2028.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

Certificates of Participation (Continued). The Certificates of Participation's debt service requirements to maturity are as follows:

<u>Fiscal Year Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ -	\$ 40,138	\$ 40,138
2026	-	40,138	40,138
2027	-	40,138	40,138
2028	845,000	40,138	885,138
	<u>\$ 845,000</u>	<u>\$ 160,552</u>	<u>\$ 1,005,552</u>

As part of the issuance of the Certificates of Participation, the City entered into an interest rate Swap Agreement. Under the Swap Agreement, the City is required to pay: (i) a semi-annual (and beginning July 1, 2003, a monthly) floating rate of interest based on the Securities Industry and Financial Markets Association ("SIFMA") Municipal Swap Index (plus a 31 basis points spread) to, or on behalf of, the Swap Counterparty (the "Swap Payment"); and the Swap Counterparty will pay to, or on behalf of, the City a semi-annual payment based on a rate equal to the fixed rate on the Certificates of Participation (4.75%) times a notional amount specified in the Swap Agreement, but generally equal to the outstanding unpaid principal portion of such contract, less the amount originally deposited in the Reserve Fund relating to the contract, and (ii) a one-time Swap Premium to be paid on the effective date of the Swap Agreement. The semi-annual payments from the Swap Counterparty with respect to the City are structured, and expected, to be sufficient to make all interest payments due under the Contract, and related distributions of interest on the Certificates. Monthly interest payments between the City, the holders of the Certificates of Participation, and the Swap Counterparty can be made in net settlement form as part of this agreement. Under the Swap Agreement, the City's obligation to pay floating payments to the Swap Counterparty, in any calendar year, may not exceed an amount equal to the SIFMA Municipal Swap Index plus 5% to be determined on the first business day of December in the preceding year. This agreement matures on June 1, 2028, at the same time of the Certificates of Participation. This derivative qualifies as a fair market hedge.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

Certificates of Participation (Continued). In the unlikely event that the Swap Counterparty becomes insolvent, or fails to make payments as specified in the Swap Agreement, the City would be exposed to credit risk in the amount of the Swap's fair value. To minimize this risk, the City executed this agreement with counterparties of appropriate credit strength, with the counterparty being rated Aa1 by Moody's. At December 31, 2024, the floating rate being paid by the City is 3.62% and the fair value of this agreement is \$37,364, a decrease of \$22,788 from the fair value at the end of the previous fiscal year. The fair value of the hedge was determined using settlement prices at the end of the day on December 31, 2024, based on the derivative contract. This fair value is reported as an asset in the Statement of Net Position. As this derivative is an effective hedge, qualifying for hedge accounting, the inflow from the hedge (any change in fair value from inception until fiscal year-end) is deferred and reported as a deferred inflow of resources in the Statement of Net Position.

Financed Purchases from Direct Borrowings. The City has also entered into agreements for financing the acquisition of a fire pumpers and a customer service center with governmental funds and a jet vac, funded by the Water and Sewer fund, through local financial institutions and through GMA (but not included as part of the above-mentioned lease pool). The agreements qualify as financed purchases from direct borrowings for accounting purposes (titles transfer at the end of the agreement) and, therefore, have been recorded at the present value of the future minimum payments as of the date of their inception.

Governmental assets under these agreements totaled \$889,459 with accumulated depreciation of \$214,285 as of December 31, 2024. Current year depreciation for these capital assets was \$34,851. Business type assets under this agreement totaled \$504,000 with accumulated depreciation of \$75,600 as of December 31, 2024. Current year depreciation for these capital assets was \$50,400.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

Financed Purchases from Direct Borrowings (Continued). The following is a schedule of the future minimum payments under governmental and business type financed purchases, and the present value of the net minimum financed purchases payments at December 31, 2024:

<u>Governmental</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
<u>Fiscal Year Ending December 31,</u>			
2025	\$ 82,077	\$ 9,802	\$ 91,879

2028	75,447	8,305	83,752
2029	79,491	4,261	83,752
	<u>\$ 359,021</u>	<u>\$ 59,739</u>	<u>\$ 418,760</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

Landfill Post-closure Costs. Effective October 1999, the Sumter County Landfill was closed and no additional waste has been accepted. In compliance with state and federal laws and regulations, Sumter County must perform certain maintenance and monitoring functions at the site for a minimum of 30 years. Engineering studies estimate post-closure costs of approximately \$282,290 over the remainder of the 30-year period which runs through 2029. These costs are based on what it would cost to perform all post-closure care in 2025 and is adjusted for inflation. Actual costs may be different due to changes in inflation, technology, or regulations.

Through an intergovernmental agreement, the City of Americus agreed to share the post-closure costs based on its prior usage of the landfill. The City's share is 67.73% or \$191,194.

Intergovernmental Payable. During 2022, through routine post-closure activities, Sumter County determined additional work would be needed at the landfill to install a new landfill cap, improve the methane gas collection system, and install a leachate collection system. Sumter County, through the Sumter County Solid Waste Management Authority, issued bonds to fund this project in the amount of \$5,380,375. The City of Americus, through an intergovernmental agreement with Sumter County, agreed to pay 67.83% of the principal and interest on the Series 2022 bonds. The City's total liability is \$3,649,508, with principal and interest payments totaling \$127,507 due semi-annually through May 2042.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

Intergovernmental Payable (Continued). The Intergovernmental payable's debt service requirements to maturity are as follows:

<u>Fiscal Year Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 138,983	\$ 116,031	\$ 255,014
2026	143,961	111,053	255,014
2027	149,117	105,897	255,014
2028	154,458	100,556	255,014
2029	159,989	95,025	255,014
2030 – 2034	890,114	384,956	1,275,070
2035 – 2039	1,061,345	213,724	1,275,069
2040 – 2042	604,944	32,591	637,535
	<u>\$ 3,302,911</u>	<u>\$ 1,159,833</u>	<u>\$ 4,462,744</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

Intergovernmental Payable (Continued). Long-term debt activity for the year ended December 31, 2024 is as follows:

	Balance January 1, 2024	Additions	Reductions	Balance December 31, 2024	Due Within One Year
Governmental activities:					
Certificates of participation	\$ 845,000	\$ -	\$ -	\$ 845,000	\$ -
Financed purchases	374,434	-	79,847	294,587	82,077
Net pension liability	3,917,034	2,024,043	3,001,238	2,939,839	-
Compensated absences	513,985	493,144	355,166	651,963	651,963
Long-term liabilities	<u>\$ 5,650,453</u>	<u>\$ 2,517,187</u>	<u>\$ 3,436,251</u>	<u>\$ 4,731,389</u>	<u>\$ 734,040</u>
Business-type activities:					
Revenue bonds payable	\$ 17,223,323	\$ -	\$ 869,452	\$ 16,353,871	\$ 893,618
Landfill post-closure care costs	492,870	-	301,676	191,194	95,597
Intergovernmental payable	3,437,089	-	134,178	3,302,911	138,983
Financed purchases	420,248	-	61,227	359,021	64,508
Net pension liability	707,563	388,404	531,826	564,141	-
Compensated absences	89,392	105,062	62,725	131,729	131,729
Long-term liabilities	<u>\$ 22,370,485</u>	<u>\$ 493,466</u>	<u>\$ 1,961,084</u>	<u>\$ 20,902,867</u>	<u>\$ 1,324,435</u>

The current portion of revenue bonds payable is included in liabilities payable from restricted assets on the Statement of Net Position. For governmental funds, compensated absences and the net pension liability are liquidated by the General Fund. For business-type activities, compensated absences and the net pension liability are liquidated by the Theater Fund, Water and Sewer Fund, Stormwater Fund, and Natural Gas Fund. Compensated absences are required to be liquidated prior to the employee's anniversary date. Any leave not taken within this time frame is forfeited. As such, the entire liability for compensated absences is shown as due within one year.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of due to/from balances as of December 31, 2024 is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Solid Waste Fund	\$ 370,022
Natural Gas Fund	General Fund	135,169
General Fund	SPLOST Fund	263,039
General Fund	Water and Sewer Fund	541,422
General Fund	Natural Gas Fund	137,807
General Fund	Nonmajor enterprise funds	95,581
ARPA Fund	General Fund	2,924,164
General Fund	Stormwater Fund	56,818
General Fund	Nonmajor governmental funds	41,322
Nonmajor governmental funds	General Fund	432,247
Nonmajor governmental funds	Nonmajor governmental funds	10,250
		<u>\$ 5,007,841</u>

These balances resulted from the time lag between the dates that: 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made.

The composition of advances to/from other funds is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Stormwater Fund	Water and Sewer Fund	<u>\$ 188,496</u>

The advance represents funds from the bond issuance in 2019 to be used for water and stormwater improvements. The entire balance of cash to be used for these improvements is maintained in the Water and Sewer Fund. As funds are spent for stormwater improvements, the balance is reduced.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS (CONTINUED)

Interfund transfers:

Transfers In	Transfers Out	Amount
Nonmajor Enterprise Fund	General Fund	\$ 100,000
Water and Sewer Fund	General Fund	83,752
Insurance Fund	Water and Sewer Fund	131,661
Nonmajor governmental funds	SPLOST Fund	300,000
General Fund	Water and Sewer Fund	2,720,000
General Fund	Solid Waste Management Fund	250,000
General Fund	Stormwater Fund	285,000
General Fund	Natural Gas Fund	389,583
General Fund	ARPA Fund	1,405,803
Nonmajor governmental funds	General Fund	1,668,784
Nonmajor governmental funds	Nonmajor governmental funds	274,966
General Fund	Nonmajor governmental funds	484,510
		<u>\$ 8,094,059</u>

Transfers are used to: 1) move revenues from the fund that the statute or budget requires to collect them to the fund that the statute or budget requires to expend them, and 2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. DEFINED BENEFIT PENSION PLAN

Plan Description

The City’s defined benefit pension plan, the City of Americus Retirement Plan (the “Plan”), provides retirement, disability, and death benefits to plan members and beneficiaries. The Plan is administered through the Georgia Municipal Employees Benefit System (“GMEBS”), an agent multiple-employer pension plan administered by the GMA. The benefit provisions and all other requirements are established by City ordinance. The GMA issues a publicly available financial report that includes financial statements and required supplementary information for GMEBS. That report may be obtained at www.gmanet.com or by writing to:

Georgia Municipal Association
Employee Benefit Section
201 Pryor Street, SW
Atlanta, Georgia 30303

Plan Membership. As of July 1, 2024, pension plan membership consisted of the following:

Retirees and beneficiaries currently receiving benefits	134
Terminated employees entitled to but not yet receiving benefits	124
Active plan members	<u>155</u>
	<u>413</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 9. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Plan Description (Continued)

Contributions. The Plan is subject to minimum funding standards of the Georgia Public Retirement System Standards law. The Board of Trustees of GMEBS has adopted a recommended actuarial funding policy for the Plan which meets state minimum requirements and will accumulate sufficient funds to provide the benefits under the Plan. The funding policy for the Plan, as adopted by the City Council, is to contribute an amount equal to or greater than the actuarially recommended contribution rate. This rate is based on the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability. Employees make no contributions to the Plan. The City is required to contribute at an actuarially determined rate. For the year ended December 31, 2024, the City's contribution rate was 8.63% of annual payroll. City contributions to the Plan were \$775,429.

Net Pension Liability of the City

The City's net pension liability was measured as of March 31, 2024. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024, with updated procedures performed by the actuary to roll forward to the total pension liability measured as of March 31, 2024.

Actuarial Assumptions. The total pension liability in the July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Projected salary increases	2.25% plus service based merit increases
Net investment rate of return	7.375%

Mortality rates were based on the Pri-2012 head-count weighted Healthy Retiree with gender-distinct rates multiplied by 1.25.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Net Pension Liability of the City (Continued)

Actuarial Assumptions (Continued). The actuarial assumptions used in the July 1, 2024 valuation were based on the results of an actuarial experience study for the period January 1, 2015 – June 30, 2019.

The cost of living adjustment is assumed to be 0.00%.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major class included in the Plan's target asset allocation as of March 31, 2024 are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return*
Domestic equity	45%	6.91%
International equity	20%	7.21%
Domestic fixed income	20%	1.61%
Real estate	10%	3.61%
Global fixed income	5%	1.67%
	<u>100%</u>	

* Rates shown are net of the 2.25% assumed rate of inflation

NOTES TO FINANCIAL STATEMENTS

NOTE 9. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Net Pension Liability of the City (Continued)

Discount Rate. The discount rate used to measure the total pension liability was 7.375%. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates and the member rate. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all of the projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability of the City. The changes in the components of the net pension liability of the City for the year ended March 31, 2024 were as follows:

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at March 31, 2023	\$ 21,211,647	\$ 16,587,050	\$ 4,624,597
<i>Changes for the year</i>			
Service cost	257,421	-	257,421
Interest	1,533,894	-	1,533,894
Differences between expected and actual experience	578,823	-	578,823
Contributions - employer	-	616,750	(616,750)
Contributions - employee	-	165,361	(165,361)
Net investment income	-	2,750,953	(2,750,953)
Benefit payments, including refunds of employee contributions	(1,341,007)	(1,341,007)	-
Administrative expenses	-	(42,309)	42,309
Other	-	-	-
<i>Net changes</i>	1,029,131	2,149,748	(1,120,617)
Balances at March 31, 2024	<u>\$ 22,240,778</u>	<u>\$ 18,736,798</u>	<u>\$ 3,503,980</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 9. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Net Pension Liability of the City (Continued)

Changes in the Net Pension Liability of the City (Continued). The required schedule of changes in the City's net pension liability and related ratios immediately following the notes to the financial statements presents multi-year trend information about whether the value of Plan assets is increasing or decreasing over time relative to the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate. The following presents the net pension liability of the City, calculated using the discount rate of 7.375%, as well as what the City's net pension liability would be if calculated using a discount rate that is 1-percentage-point lower (6.375%) or 1-percentage-point higher (8.375%) than the current rate:

	1% Decrease (6.375%)	Current Discount Rate (7.375%)	1% Increase (8.375%)
City's net pension liability	\$ 5,932,803	\$ 3,503,980	\$ 1,455,940

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of March 31, 2024, and the current sharing pattern of costs between employer and employee.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Pension Expense and Deferred Inflows of Resources and Deferred Outflows of Resources Related to Pensions

For the year ended December 31, 2024, the City recognized pension expense of \$(111,525). At December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 385,882	\$ (67,481)
Net difference between projected and actual earnings on pension plan investments	-	(552,280)
City contributions subsequent to the measurement date	829,257	-
	<u>\$ 1,215,139</u>	<u>\$ (619,761)</u>

City contributions subsequent to the measurement date of \$829,257 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ending December 31, 2025. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized as a component of pension expense as follows:

<u>Year ending December 31,</u>	
2025	\$ (549,264)
2026	430,743
2027	194,607
2028	(309,965)
	<u>\$ (233,879)</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 10. HOTEL/MOTEL LODGING TAX

The City has levied a 7% lodging tax. Of this percentage, 2% is given to the Rylander Theater (the "Theater") for use in the operating expenditures and promotion of the Theater. The Tourism Council receives 4% of the remaining 5% lodging tax to be used for the promotion of tourism. Remaining funds are used by the City for other activities to promote tourism. During the year ended December 31, 2024, the City collected \$464,063 in hotel/motel taxes, and expended 100% of this amount on tourism and the promotion of the Theater.

NOTE 11. RISK MANAGEMENT

The City is exposed to various risks of losses related to: torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which, except as described in the following paragraphs, the City carries commercial insurance in amounts deemed prudent by City management. There was no significant reduction in insurance coverage during the year. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

Effective January 1, 2016, the City became self-insured with respect to employee health insurance. The City established the Insurance Fund, an Internal Service Fund, to provide resources for and payment of employee medical claims. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Claims are administered by a third-party.

Liabilities include an amount for claims that have been incurred but not reported ("IBNRs"). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts and other economic and social factors. The change in the balance of claim liabilities for the past two years are as follows:

	<u>2024</u>	<u>2023</u>
Unpaid claims, beginning of year	\$ 1,813,069	\$ 121,512
Incurred claims	3,034,968	3,481,472
Claim payments	(4,605,331)	(1,789,915)
Unpaid claims, end of year	<u>\$ 242,706</u>	<u>\$ 1,813,069</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 11. RISK MANAGEMENT (CONTINUED)

Additionally, the City has joined together with other municipalities in the state as part of the Georgia Municipal Association Group Self-Insurance Workers' Compensation Fund, a public entity risk pool currently operating as common risk management and insurance programs for member local governments. As part of this risk pool, the City is obligated to pay all contributions and assessments as prescribed by the pool, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the fund, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the fund being required to pay any claim of loss. The City is also to allow the pool's agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the fund.

The fund is to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the Workers' Compensation law of Georgia. The fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

NOTE 12. COMMITMENTS AND CONTINGENCIES

Litigation

The City is involved in several small or pending lawsuits. In the opinion of management, based on consultations with legal counsel, an unfavorable outcome in excess of insurance coverage is unlikely.

Grant Contingencies

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, the City's management believes such disallowances, if any, will not be significant.

NOTES TO FINANCIAL STATEMENTS

NOTE 12. COMMITMENTS AND CONTINGENCIES (CONTINUED)

Construction Commitments

In addition to the liabilities enumerated in the balance sheet at December 31, 2024, the City has contractual commitments on uncompleted contracts of approximately \$2,626,982.

Agreements with Municipal Gas Authority of Georgia

The City has entered into a contract for the purchase of wholesale natural gas supplies and related services with the Municipal Gas Authority of Georgia ("MGAG") that requires the City to purchase all of its natural gas from MGAG. The gas supply contract with MGAG authorizes MGAG to establish rates and charges so as to produce revenues sufficient to cover its operating costs and retire its bonds issued to acquire long-term gas supplies for sale to its members, including the City. In the event that revenues are insufficient to cover all costs and retire bonds issued by MGAG, the City is obligated to pay its obligation share of the costs of the gas supply and related services MGAG provides to the City, which costs include amounts equal to principal and interest on MGAG's bonds. These obligations, which extend through the year 2050, are general obligations of the City to which the City's full faith, credit and taxing powers are pledged. The City's obligation to MGAG for gas supply costs are based on MGAG's costs to provide such supply, including bonds issued to purchase long-term rights to bulk supply. Payments to MGAG are made monthly based on actual usage. The total payments under these contracts amounted to \$1,175,979.

At December 31, 2024, the outstanding debt of MGAG was approximately \$71,286,000. The City's guarantee varies by individual projects undertaken by MGAG and totals \$430,409 at December 31, 2024.

NOTE 13. RELATED ORGANIZATIONS

The City's governing board is responsible for all of the board appointments of the Americus Housing Authority. However, the City has no further accountability for this organization.

NOTES TO FINANCIAL STATEMENTS

NOTE 14. JOINT VENTURES

Under Georgia law, the City, in conjunction with other cities and counties in the eight county west central Georgia area, is a member of the River Valley Regional Commission and is required to pay annual dues thereto. During its year ended December 31, 2024, the City paid \$15,816 in such dues. Membership in a Regional Commission is required by the O.C.G.A. §50-8-34 which provides for the organizational structure of the Regional Commission in Georgia. The Regional Commission Board membership includes the chief elected official of each county and municipality of the area. O.C.G.A. §50-8-39.1 provides that the member governments are liable for any debts or obligations of a Regional Commission. Separate financial statements may be obtained from:

River Valley Regional Commission
228 West Lamar Street
Americus, Georgia 31709

The Americus/Sumter County Airport Authority (the “Airport Authority”) is comprised of five board members; two appointed by the County, two appointed by the City, and one joint appointment. The City allocates to the Airport Authority an amount each year to assist with general operating expenses. During the year ended December 31, 2024, the City paid the Airport Authority \$21,000. The City’s governing body does not approve the budget nor does it have any oversight of the day-to-day operations of the Airport Authority. The Airport Authority was established to buy, sell, and own property. Separate financial statements for the Americus/Sumter County Airport Authority are not available.

NOTE 15. INTERGOVERNMENTAL AGREEMENT – SUMTER COUNTY, GEORGIA GENERAL OBLIGATION SALES TAX BONDS, SERIES 2020

Sumter County, Georgia issued \$11,500,000 in general obligation bonds on May 28, 2020. The proceeds of the sale of the bond will be used to fund: (a) certain capital outlay projects for the County and certain capital outlay projects for the City of Americus, Georgia, in accordance with an intergovernmental agreement related to an extension of the SPLOST approved by the voters on November 5, 2019, and (b) the cost of issuing this bond. The bond is a general obligation of Sumter County and is payable first from collections of the SPLOST.

In fiscal year 2020, the City received a portion of the proceeds from the Sumter County Series 2020 Bonds to fund projects for the City as included in the SPLOST referendum. Payments on the bonds are due on June 1 and December 1 of each year. Annually, sales tax collections are set aside by the trustee to fund the annual debt service payments. After the debt service requirements for the year are satisfied, any excess sales tax collections are distributed to the City.

NOTES TO FINANCIAL STATEMENTS

NOTE 16. RESTATEMENT OF ERRORS IN PRIOR YEAR REPORTING

Government-wide Level Restatement

The City has determined a restatement to net position of governmental activities is required as of January 1, 2024. During our audit procedures, management identified errors in the recording of revenues related to grants. Management was able to provide a corrected listing, which reflected material adjustment to beginning balances for revenues which then effected net position.

	Primary Government Governmental Activities
Net position, as previously reported	\$ 31,592,569
Adjustment needed to record beginning net position to reflect correction of error, net:	
Adjustment to revenues	168,492
Net position, as restated	\$ 31,761,061

NOTES TO FINANCIAL STATEMENTS

NOTE 16. RESTATEMENT OF ERRORS IN PRIOR YEAR REPORTING (CONTINUED)

Fund-level Restatement

The City has determined a restatement to beginning fund balance of the Community Development Block Grant (“CDBG”) Fund, a nonmajor governmental fund, is required as of January 1, 2024. During our audit procedures, management identified errors in the recording of revenues related to grants. Management was able to provide a corrected listing, which reflected material adjustment to beginning balances for revenues.

REQUIRED SUPPLEMENTARY INFORMATION SCHEDULE OF CITY CONTRIBUTIONS FOR THE FISCAL YEAR ENDED DECEMBER 31,

	Fiscal Year				
	2024	2023	2022	2021	2020
Actuarially determined contribution	\$ 775,429	\$ 833,706	\$ 994,142	\$ 880,094	\$ 625,045
Contribution in relation to the actuarially determined contribution	775,429	833,706	994,142	828,010	627,986
Contribution deficiency (excess)	\$ -	\$ -	\$ -	\$ 52,084	\$ (2,941)
Covered payroll	\$ 8,989,588	\$ 8,212,704	\$ 8,551,897	\$ 7,626,915	\$ 7,571,842
Contributions as a percentage of covered payroll	8.63%	10.15%	11.62%	11.54%	8.25%

Notes to the Schedule:

Valuation date	July 1, 2024 with interest adjustment to fiscal year
Cost method	Projected Unit Credit
Actuarial asset valuation method	Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at the end of the year. The actuarial valuation is adjusted, if necessary, to be within 20% of market value.
Assumed rate of return on investments	7.375%
Projected salary increases	2.25% plus service based merit increases
Cost-of-living adjustments	N/A
Amortization method	Closed level dollar for remaining unfunded liability
Remaining amortization period	Varies for the bases, with a net effective amortization period of 10 years

SUPPLEMENTARY INFORMATION

COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Community Development Block Grant (“CDBG”) Fund – This fund is used to account for the operations of the City’s community development department. Financing is provided by grants received from the U.S. Department of Housing and Urban Development and the State of Georgia Departments of Community Affairs and Natural Resources.

2021 Community Development Block Grant (“CDBG”) Fund – This fund is used to account for the operations of the City’s community development department. Financing is provided by grants received from the U.S. Department of Housing and Urban Development and the State of Georgia Departments of Community Affairs and Natural Resources.

State Revolving Loan Fund – This fund is used to account for the operations of the City’s revolving loans. Original funding was provided by the U.S. Department of Housing and Urban Development through the State of Georgia’s Department of Community Affairs.

Confiscated Asset Fund – This fund accounts for condemned funds received that are restricted by state law for law enforcement expenditures.

2001 Program Income Fund – This fund is used to account for program income associated with a CDBG received from the U.S. Department of Housing and Urban Development.

2004 Intermodal Surface Transportation Efficiency Act (“ISTEA”) Fund – This fund is used to account for a grant received from the U.S. Department of Transportation for transportation enhancement activities.

2021 Community Home Investment Program (“CHIP”) Fund – This fund is used to account for a CHIP grant received from the U.S. Department of Housing and Urban Development.

Hotel/Motel Tax Fund – This fund is used to account for the collection and disbursement of hotel/motel taxes.

Opioid Fund – This fund is used to account for certain fines received through the national opioid settlement that are used for opioid remediation activities.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS (CONTINUED)

School Zone Citation Fund – This fund is used to account for the collection of school zone citation fines.

2023 Community Home Investment Program (“CHIP”) Fund – This fund is used to account for a CHIP grant received from the U.S. Department of Housing and Urban Development.

Transportation Special Purpose Local Option Sales Tax (“TSPLOST”) Fund – This fund is used to account for the collection and disbursement of TSPLOST contributions received from the Georgia State Financing and Investing Commission.

(UNAUDITED)**

STATISTICAL SECTION

This part of the City's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents	Page
Financial Trends	113 – 117
<i>These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.</i>	
Revenue Capacity	118 – 122
<i>These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.</i>	
Debt Capacity	123 – 127
<i>These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.</i>	
Demographic and Economic Information	128 and 129
<i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.</i>	
Operating Information	130 – 133
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.</i>	

Source: Unless otherwise noted, the information in these schedules is derived from the Annual Comprehensive Financial Reports for the relevant year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

**Mayor and Members of the
City Council
City of Americus, Georgia
Americus, Georgia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States ("*Government Auditing Standards*"), the financial statements of the governmental activities, business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **City of Americus, Georgia** (the "City") as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 27, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses, or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control described in the accompanying Schedule of Findings and Questioned Costs, as 2024-001 through 2024-006 that we consider to be material weaknesses.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Americus, Georgia's Responses to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The City's responses were not subjected to the other audit procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE;
AND REPORT ON THE SCHEDULE OF EXPENDITURES OF
FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

**Mayor and Members of the
City Council
City of Americus, Georgia
Americus, Georgia**

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the **City of Americus Georgia's** (the "City") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of City's major federal programs for the year ended December 31, 2024. The City's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States ("*Government Auditing Standards*"); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to City's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated March 27, 2026, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

CITY OF AMERICUS, GEORGIA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED DECEMBER 31, 2024

NOTE 1. BASIS OF PRESENTATION

The Schedule of Expenditures of Federal Awards includes the federal grant activity of the City of Americus, Georgia ("the City") and is presented on the accrual basis of accounting.

The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* ("CFR") Part 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

NOTE 2. DE MINIMIS COST RATE

The City elected not to use the 10% de minimis cost rate for the year ended December 31, 2024.

NOTE 3. NON-CASH ASSISTANCE

No federal awards were expended in the form of non-cash assistance during the fiscal year ended December 31, 2024.

NOTE 4. SUBRECIPIENTS

The City did not pass through any funds to subrecipients during the year ended December 31, 2024.

CITY OF AMERICUS, GEORGIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2024

B. FINDINGS: FINANCIAL STATEMENT AUDIT

2024-001 Accounting and Reporting of Expenses and Liabilities

Criteria: Generally accepted accounting principles ("GAAP") require timely reporting of all liabilities when goods have been received or services have been performed, regardless of the timing of related cash flows.

Condition: During fiscal year 2024, the City did not properly adjust accounts payable, and other liabilities across various funds as of December 31, 2024.

Context: Management oversight.

Cause: Internal controls over cut-off of liabilities were not in place to ensure all expenses/expenditures were reported in the proper period. Additionally, adjustments were not made to reflect current year activity on long-term liabilities.

Effect: Audit adjustments across various funds were made to properly state expenses/expenditures and related liabilities. The adjustments were as follows:

- General Fund – Entries to decrease expenditures in the net amount of \$97,919, and to decrease accounts payable in the net amount of \$97,919.
- Special Purpose Local Option Sales Tax ("SPLOST") Fund – Entries to increase expenditures and to increase accounts payable in the net amount of \$212,159.
- Natural Gas Fund – Entries to decrease accounts payable and to decrease expenses in the net amount of \$165,890.
- 2021 CDBG Fund – Entries to increase expenditure, and to increase accounts payable in the net amount of \$101,193.

Recommendation: We recommend that the City reconcile all liability balances in a timely manner to ensure all transactions are being properly recognized during the correct period.

Views of Responsible
Officials and Planned

Corrective Action: We concur. The City will strengthen procedures to ensure liability balances are properly recorded.

2024-002 Accounts Receivable and Related Balances

Criteria: GAAP requires receivables and the associated revenues to be recognized in the accounting period to which they relate and revenues to be recognized only in the current period when they are both measurable and available to finance expenditures. Available is considered to be within 60 days of year-end.

CITY OF AMERICUS, GEORGIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2024

B. FINDINGS: FINANCIAL STATEMENT AUDIT (CONTINUED)

2024-002 Accounts Receivable and Related Balances (Continued)

Condition: The City did not properly record accounts receivable and the related revenues, allowance for doubtful accounts, and unavailable revenue across various funds.

Context: During our testing of accounts receivable, we noted that accounts receivable and related balances were not properly stated as of December 31, 2024. Additionally, a prior period restatement was required in the 2021 CDBG Fund.

Cause: Management oversight

Effect: Audit adjustments across various funds were made to properly state accounts receivable and related balances. The adjustments were as follows:

- General Fund – Entries to increase the allowance for doubtful accounts in the amount of \$26,522, to increase expenditures in the amount of \$13,522, to decrease receivables in the amount of \$40,933, to increase unavailable revenues in the net amount of \$74,763, and to decrease revenues in the amount of \$128,696.
- Water and Sewer Fund – An entry to increase the allowance for doubtful accounts in the amount of \$1,057,430, to increase operating expenses in the amount of \$528,715, to increase receivables in the net amount of \$532,410, and to increase operating revenues by \$3,695.
- Natural Gas Fund – An entry to decrease the allowance for doubtful accounts in the amount of \$14,500, to decrease operating expenses in the amount of \$14,500, to increase receivables in the net amount of \$65,418, to decrease accounts payable by \$88,755, and to increase operating revenues by \$154,173.
- Solid Waste Fund – An entry to decrease the allowance for doubtful accounts in the net amount of \$34,000, to increase operating expenses in the net amount of \$22,594, to decrease receivables in the net amount of \$51,358, and to increase operating revenues in the net amount of \$5,236.
- Stormwater Fund – An entry to decrease the allowance for doubtful accounts in the amount of \$102,000, to increase operating expenses in the net amount of \$8,539, to decrease receivables in the amount of \$89,251, and to increase operating revenues in the amount of \$21,288.
- 2021 CDBG Fund – A prior period restatement and current year entry to increase receivables in the amount of \$256,784, to increase fund balance in the amount of \$168,492, and increase revenue in the amount of \$88,292.

Recommendation: We recommend the City strengthen internal controls to ensure accounts receivable and related balances are properly recorded.

CITY OF AMERICUS, GEORGIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2024

B. FINDINGS: FINANCIAL STATEMENT AUDIT (CONTINUED)

2024-002 Accounts Receivable and Related Balances (Continued)

Views of Responsible
Officials and Planned

Corrective Action: We concur. The City will strengthen controls to ensure accurate reporting of accounts receivable and related amounts.

2024-003 Interfund Balances

Criteria: GAAP requires interfund amounts between funds to properly reflect amounts owed and collectible between funds and amounts transferred between funds as of year-end.

Condition: The City did not properly record interfund balances and transfers as of December 31, 2024.

Context: During our testing of interfund amounts, we noted errors in amounts reported, as well as additional transfers needed to adjust interfund balances to net realizable amounts.

Cause: Management oversight

Effect: Audit adjustments across various funds were made to properly state interfund balances and transfers. The adjustments were as follows:

- General Fund – Entries to increase transfers out the net amount of \$373,309, to increase expenditures in the net amount of \$2,327, to increase due to other funds in the net amount of \$234,973, and to increase revenues in the net amount of \$140,663.
- Special Purpose Local Option Sales Tax ("SPLOST") Fund – Entries to decrease transfers in the net amount of \$272,913, to decrease revenues in the net amount of \$167,750, to increase due to other funds in the net amount of \$140,663, and to increase accounts payable by \$300,000.
- Natural Gas Fund – Entries to increase due from other funds and decrease operating expenditures in the amount of \$7,372.
- 2021 CDBG Fund – An entry to decrease revenues and increase transfers in the amount of \$1,250,000.
- Transportation Special Purpose Local Option Sales Tax ("TSPLOST") Fund – An entry to decrease revenues and increase transfers in the amount of \$574,966.
- Insurance Fund – An entry to decrease due from other funds and transfers in the amount of \$40,000.
- 2004 ISTEAFund – An entry to increase transfers out and to decrease cash in the amount of \$274,966.

2024-003 Interfund Balances (Continued)

Effect (Continued):

- 2021 CHIP Fund – An entry to decrease revenues and increase due to other funds in the amount of \$172,440.
- 2023 CHIP Fund – An entry to increase revenues in the amount of \$162,190, increase due from other funds in the amount of \$172,440, and increase unearned revenue in the amount of \$10,250.

Recommendation: We recommend that the City strengthen internal controls over interfund balances and transfers to ensure they are properly recorded.

Views of Responsible
Officials and Planned

Corrective Action: We concur. The City will strengthen controls to ensure accurate reporting of interfund balances and transfers.

2024-004 Cash Reconciliations

Criteria: GAAP require cash to be monitored and reconciled in a timely manner.

Condition: Internal controls over cash reconciliations were not sufficient to identify an adjustment to cash in the Natural Gas Fund.

Context: During our testing of cash, we noted an error in the reconciliation of one cash account.

Cause: Management oversight

Effect: Audit adjustments across various funds were made to properly state cash balances and related accounts. The adjustments were as follows:

- General Fund – Entries to increase cash in the net amount of \$109,540, to decrease revenues in the amount of \$65,610, and to decrease expenditures in the amount of \$175,150.
- Natural Gas Fund – An entry to decrease cash in the net amount of \$103,451, to decrease transfers out the amount of \$35,417, and to decrease revenues in the amount of \$138,868.
- Solid Waste Fund – Entries to decrease cash and increase due from other accounts in the amount of \$38,692.
- Theater Fund – Entries to decrease cash and decrease revenues in the amount of \$16,785.

CITY OF AMERICUS, GEORGIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2024

B. FINDINGS: FINANCIAL STATEMENT AUDIT (CONTINUED)

2024-004 Cash Reconciliations (Continued)

Recommendation: We recommend that the City strengthen internal controls to ensure proper monitoring and reconciliation of cash.

Views of Responsible
Officials and Planned

Corrective Action: We concur. The City will strengthen controls to ensure accurate reporting of cash accounts.

2024-005 Capital Assets

Criteria: GAAP requires the reporting of all capital assets at their historical cost, which is written off periodically, or depreciated, in a systematic and rational matter.

Condition: The City did not properly record capital assets or related capital outlay across various funds during the year ended December 31, 2024.

Context: During our testing of capital assets, we noted several adjustments were needed to properly state amounts.

Cause: Management oversight

Effect: Audit adjustments across various funds were made to properly state capital assets and related balances. The adjustments were as follows:

- Water and Sewer Fund – Entries to increase depreciable capital assets in the amount of \$172,542, to decrease accumulated depreciation in the amount of \$260,364, and to decrease expenses in the amount of \$432,906.
- Natural Gas Fund – Entries to decrease expenses in the amount of \$42,086 and to decrease accumulated depreciation in the amount of \$42,086.
- Stormwater Fund – An entry to increase accumulated depreciation and to increase depreciation expense in the amount of \$91,556.
- Theater Fund – An entry to increase depreciation expense and accumulated depreciation in the amount of \$25,402.

Recommendation: We recommend the City strengthen internal controls to ensure capital assets and related balances are properly recorded.

Views of Responsible
Officials and Planned

Corrective Action: We concur. The City will strengthen controls to ensure accurate reporting of capital assets and related amounts.

CITY OF AMERICUS, GEORGIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2024

B. FINDINGS: FINANCIAL STATEMENT AUDIT (CONTINUED)

2024-006 Long-Term Debt

Criteria:	GAAP require long-term obligations to be recorded in the accounting period in which they are incurred. Additionally, governmental accounting standards require liabilities reported in business-type funds to be reported at the fund level, and that debt service expenditures are recorded in the period paid.
Condition:	The City did not properly record landfill bond payables in the Solid Waste Fund as of December 31, 2024.
Context:	Management oversight.
Cause:	The City did not establish the necessary procedures that long term obligations relating to the landfill closure were properly recorded in the accounting period in which they were incurred. The City did not implement the necessary controls to ensure that all long-term debt activity reported in its Solid Waste Fund was recorded.
Effect:	An audit adjustment in the Solid Waste Fund was made to decrease bonds payable by \$134,177, to decrease operating expenses by \$133,582, and to increase accrued interest in the net amount of \$595.
Recommendation:	We recommend that the City reconcile all liability balances in a timely manner to ensure all transactions are being properly recognized during the correct period.
Views of Responsible Officials and Planned Corrective Action:	We concur. The City will strengthen procedures to ensure liability balances are properly recorded.

CITY OF AMERICUS, GEORGIA
SCHEDULE OF PRIOR YEAR FINDINGS
FOR THE YEAR ENDED DECEMBER 31, 2024

2023-001 Accounting and Reporting of Expenses Liabilities

Criteria: GAAP requires timely reporting of all liabilities when goods have been received or services have been performed, regardless of the timing of related cash flows.

Condition: During fiscal year 2023, the City did not properly adjust accounts payable, retainage payable, and other liabilities across various funds as of December 31, 2023.

Auditee Response/

Status: Unresolved – See Finding 2024-001

2023-002 Accounts Receivable and Related Balances

Criteria: GAAP requires receivables and the associated revenues to be recognized in the accounting period to which they relate and revenues to be recognized only in the current period when they are both measurable and available to finance expenditures. Available is considered to be within 60 days of year-end.

Condition: The City did not properly record accounts receivable and the related revenues, allowance for doubtful accounts, and unavailable revenue across various funds.

Auditee Response/

Status: Unresolved – See Finding 2024-002

2023-003 Interfund Balances

Criteria: GAAP requires interfund amounts between funds to properly reflect amounts owed and collectible between funds and amounts transferred between funds as of year-end.

Condition: The City did not properly record interfund balances and transfers as of December 31, 2023.

Auditee Response/

Status: Unresolved – See Finding 2024-003
